Dear [sal],

*"No gift is too small because it all adds up – whatever can be offered would be greatly appreciated and put to good use." - Greg Goodwin, parent of two Grand Valley students*

You should be very proud of your Grand Valley State University student! They are attending one of the best regional universities in the country and receiving one of the best college educations in the Midwest. Named one of America's 100 Best College Buys, there are many reasons why Grand Valley was a great choice for your son or daughter to further their education and why Grand Valley deserves your support.

I believe giving to Grand Valley is important in order to preserve the top-notch education and positive experiences the university offers its students. As a parent of two Grand Valley students, I have seen the positive impact the university has on my children and I am confident they made the right choice for their education. Not only have they fallen in love with the small class sizes and friendly professors, they have made many new, lifelong friends. After going through the journey of choosing the right school for them, it is rewarding to see where they have ended up today.

My son considered attending many different colleges, but never looked back after visiting Grand Valley. This university has worked hard to support my son, who is paralyzed due to a snowmobiling accident. Seeing how Grand Valley has accommodated him to make his educational experience a great one shows that this school truly is grand.

My daughter also decided to choose Grand Valley, after attending another university for a year. She decided chemistry was her true passion and when researching many schools for the best chemistry program, she found Grand Valley. Since transferring to this university, she has excelled in her studies and has found that Grand Valley's chemistry program is outstanding and the right fit for her.

Watching my children enjoy their educational experience, both academic and social, has shown me that Grand Valley believes in supporting its students and, in return, I believe in supporting Grand Valley. **Please join me and help support your student's education and the future of the university by giving a gift to the Grand Valley Fund today at [www.gvsu.edu/give](http://www.gvsu.edu/give)!** Your gift will truly make a difference.

Sincerely,

Greg Goodwin
